PARTNER MEETING IN BRONTE, ITALY

2-3 October 2025

The UP&UP for Digital Society partners gathered in Bronte and Taormina (Sicily) for the project's third transnational meeting, hosted by Telefono Rosa Sicilia. The team shared updates, discussed next steps, and met with local students and teachers to talk about cyberbullying, empathy, and respectful communication online. Everyone left inspired to keep working together to make the digital world a more inclusive and empathetic space!

Co-funded by the European Union

WP3 – Teachers' Training on Cyberviolence and Cyberbullying

State of the Art

Under Work Package 3, the UP&UP for Digital Society partners have designed a comprehensive teachers' training programme on cyberviolence and cyberbullying, made up of 7 interactive modules. So far, 107 teachers are taking part in the training, which is expected to conclude by the end of October 2025. The programme aims to strengthen educators' digital skills and promote safer, more empathetic online environments across Europe.

Modules:

1. Introduction to the Digital Society and Cybersecurity
2. Cyberbullying, Gender Stereotypes, and Online Anonymity – Risks and Prevention
3. Empathy and Assertive Communication in the Digital Environment
4. Digital Ethics and Creating a Digital Code of Conduct
5. Information and Data Literacy – Navigating the Digital World Safely
6. Netiquette and Managing Digital Identity
7. Privacy, Personal Data Protection, and Wellbeing
